

Indigenous Research

Theories, Practices, and Relationships

Scholars understand what Indigenous research is, but how we practice Indigenous research ethically and respectfully in Canada is under exploration. This ground-breaking edited collection provides readers with concrete and in-depth examples of how to overcome the challenges of Indigenous research with respect to Indigenous worldviews, epistemologies, and ontology. In collaboration with their communities, and with guidance from Elders and other traditional knowledge keepers, each contributor links their personal narrative of Indigenous research to current discussions and debates. Accessible in nature, this interdisciplinary research tool is an essential read for all students and scholars in Indigenous Studies, as well as in the education, anthropology, sociology, and history research methodology classroom.

Author Information

Deborah McGregor
Deborah McGregor is an Associate Professor and currently holds a Canada Research Chair in Indigenous Environmental Justice at Osgoode Law School and Faculty of Environmental Studies, York University.

Jean-Paul Restoule
Jean-Paul Restoule is an Associate Professor of Aboriginal Education at the Ontario Institute for Studies in Education (OISE) of the University of Toronto.

Rochelle Johnston
Rochelle Johnston is a Ph.D. Candidate at the Ontario Institute for Studies in Education at the University of Toronto.

List of Figures and Tables
Acknowledgements
Preface

Introduction
Relationships, Respect, Relevance, Reciprocity and Responsibility: Taking Up Indigenous Research Approaches
Rochelle Johnston, Deborah McGregor and Jean-Paul Restoule

Part I: The Research Is the Process: Research Journeys Inside and Out

Chapter 1
miyo pimâtisiwin: (Re)claiming Voice with Our Original Instructions
Karlee D. Fellner

Chapter 2
Learning to Unlearn: Building Relationships on Anishinaabeg Territory
Katrina Srigley and Autumn Varley

Chapter 3
Research Tales with Txeemsim (Raven, the trickster)
Amy Parent

Part II: Making Space for Indigenous Research

Chapter 4
Wise Indigenous Woman Approaches to Research: Navigating Jagged Ethical Tensions and Micro-Aggressions in the Academy
Shelly Johnson

Chapter 5
Healing and Transformative Learning Through Indigenous Methodologies
Karen Hall and Erin Cusack

Chapter 6
A Tale of Two Drums: Kinoo'amaadawaad Megwaa Doodamawaad – "They are learning with each other while they are doing"
Paul Cormier and Lana Ray

Part III: Communities We Research With

Chapter 7
Conducting Community Based Research in First Nation Communities
Lorrilee McGregor

Chapter 8
Aboriginal Children in Toronto – Working Together to Improve Services
Angela Mashford-Pringle

Subjects

Indigenous Research
Indigenous Studies
Research Theory and Methods
Anti-Oppressive Practice
Sociology
Social Work
Sociology
Sociology
Sociology
Canadian Studies
Anthropology

Approx. 347 pages
